**Read the text and decide if the sentences are 'Right' or 'Wrong'. If there is not enough information in the text to answer 'Right' or 'Wrong', choose 'Doesn't say'.**

#### *TV ADS*

#### *BY JOSH MALONE*

I was watching TV the other night and as usual there were all those amazing advertisements in the middle of the film – which are sometimes better than the programme you're watching! In fact, I'm usually quite influenced by the ads, and I quite often turn the volume up when they're on, and make notes about what they're selling – even if I know I can't afford it! This time, though, I almost missed one ad completely. It was for a laptop, and I was actually thinking of getting one at the time. So anyway, I decided to go for it, and I ordered one. The advertisement made it sound so brilliant!

Well, it arrived a few days later, which was longer than I expected. The laptop was superfast, though, and I was really impressed. However, it hasn't been easy to learn how to operate it. It uses a different system to my old one. But it's better than my old one, and the battery takes less time to charge too. It's all very exciting and now I'm looking forward to doing lots of creative things on it!

**Josh usually dislikes the adverts he sees on TV.**

#### *TV ADS BY*

#### *SARAH STEVENS*

I was watching TV the other night and – as usual – there were all those irritating advertisements in the middle of the film, disturbing my concentration! Well, I don't usually take any notice of the ads, in fact I quite often turn the volume down when they're on, as they're so boring. But this time I'm not quite sure what happened to me. One ad caught my attention. It was for a smartphone, and I was actually thinking of getting one at the time. So anyway, I decided to go for it, and I ordered one. The advertisement made it sound so brilliant!

Well, it arrived the next day. It was super fast, and at first I was impressed. However, I really regret it now. I'm not at all happy with it, and I'm sure it's faulty. For example, I texted a friend yesterday and the message went to the wrong person! That's hopeless – and it could be quite embarrassing too. Another thing is, the battery doesn't last for very long. I charged it last night but it's almost dead again already. It's very disappointing, and I hope they give me my money back.

***TV ADS BY***

***SARAH STEVENS***

I was watching TV the other night and – as usual – there were all those irritating advertisements in the middle of the film, disturbing my concentration! Well, I don't usually take any notice of the ads, in fact I quite often turn the volume down when they're on, as they're so boring. But this time I'm not quite sure what happened to me. One ad caught my attention. It was for a smartphone, and I was actually thinking of getting one at the time. So anyway, I decided to go for it, and I ordered one. The advertisement made it sound so brilliant!

Well, it arrived the next day. It was super fast, and at first I was impressed. However, I really regret it now. I'm not at all happy with it, and I'm sure it's faulty. For example, I texted a friend yesterday and the message went to the wrong person! That's hopeless – and it could be quite embarrassing too. Another thing is, the battery doesn't last for very long. I charged it last night but it's almost dead again already. It's very disappointing, and I hope they give me my money back.

**Sarah was very satisfied with her phone when she first got it.**

A - Right

B - Wrong

C - Doesn't say
